CLERK: There are no further amendments on the bill.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: We are wondering who pushed Senator Lamb's button.

PRESIDENT: The Chair didn't.

SENATOR SCHMIT: Okay. I move the bill be advanced as amended.

PRESIDENT: Senator Newell, did you wish to be recognized on this motion?

SENATOR NEWELL: No.

PRESIDENT: The question is the advancement of the bill. All in favor say aye, contrary say nay. The bill is advanced.

CLERK: Mr. President, the next bill up is LB 110. The E & R amendments have been adopted. The bill was laid over on a request by Senator Schmit. There now is pending an amendment offered by Senator Schmit. It is found on page 1414 of the Legislative Journal.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: Mr. President, members of the Legislature, this amendment was requested by the grain elevator operators and the reason it was requested was that in the elevator business frequently there has to be a special category of individuals who specifically are required to handle the fumigation of grain for insects. The Department of Agriculture has the authority to license individuals in eleven different subcategories and it was hoped by the elevator operators that by allowing a subcategory under one of these categories for the fumigation of grain that we could license those individuals for that specific job. It is a very limited operation but one which requires a certain amount of training and skill and it would not require additional training in that area. I would move for the adoption of that amendment.

PRESIDENT: Any discussion. The question is the adoption of the amendment to LB 110. Record your vote. Please vote. Record.

CLERK: 26 ayes, 0 nays.

PRESIDENT: The amendment is adopted. Anything further, Mr. Clerk.

CLERK: None.

SENATOR CULLAN: Mr. President, members of the Legislature, I move that LB 110 as amended be advanced to E & R for engrossment.
